There might still be some medicine left in me!

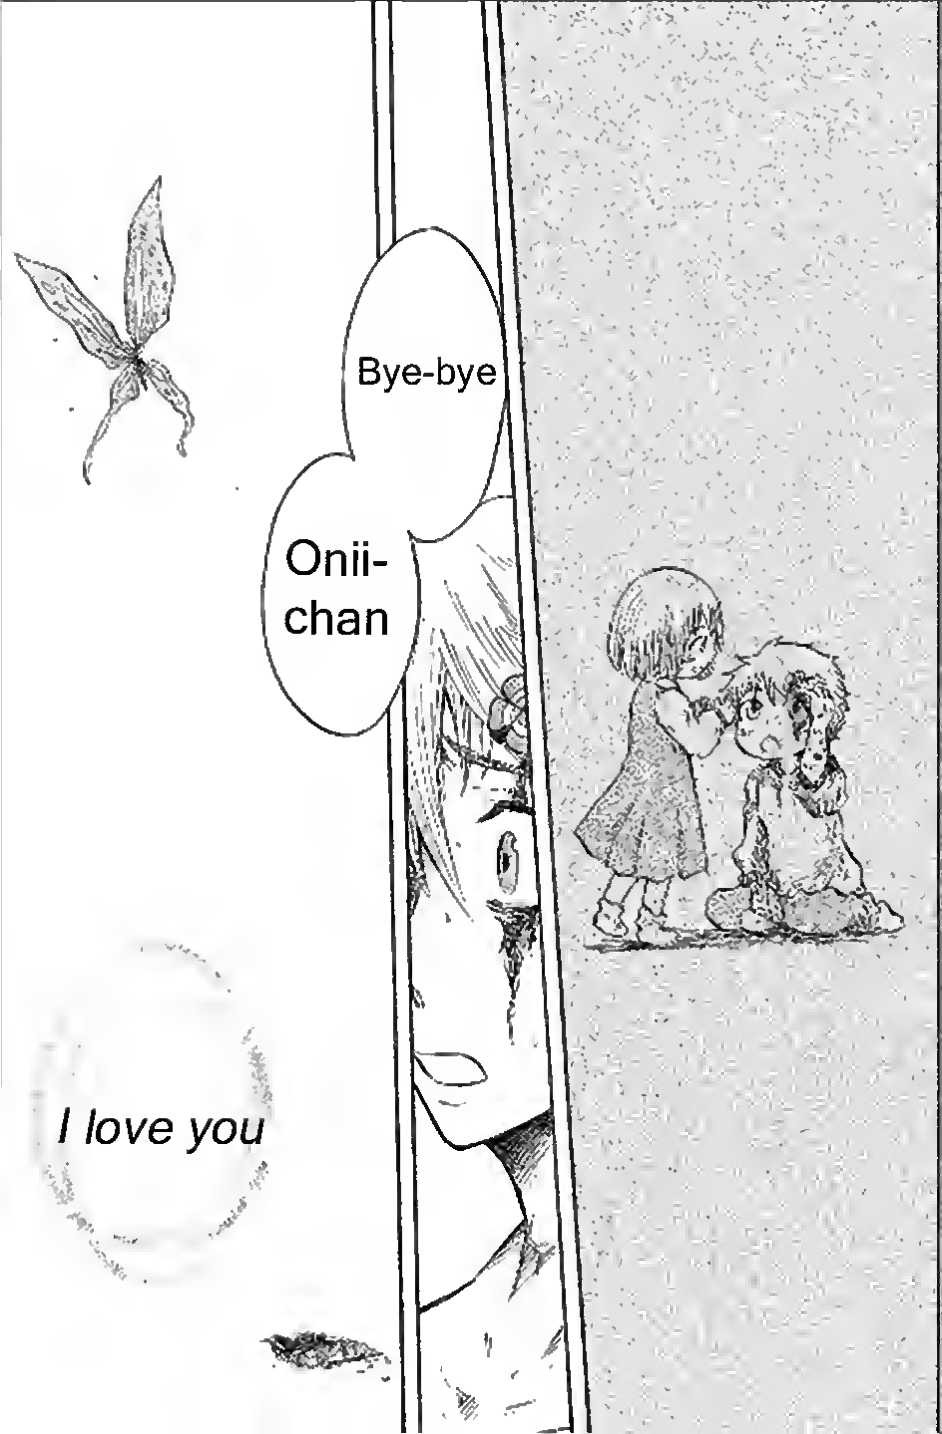
That's no good...
Onii-chan's body doesn't have any left....
I want to eat
Onii-chan....
I...know..
I want to eat
I want to eat...Onii-chan
It's too late to go back
But I can't..
I can't

Even that I'm Yume Hasegawa...
Since I became a mon-ster...
more and more I've...
Forgot-ten many things...

But..
only Onii-chan
I'll definitely remember...
only Onii-chan .....
So please, Onii-chan..
No... Yume !
No...

In the end...
your face...
Let Yume see it properly



Bye-bye
Onii-chan
I love you

This should close off block B
Switch to anti-pupa equipment

!
Evacuate all of the researchers immediately
Dispose of the experiments

アレ!!

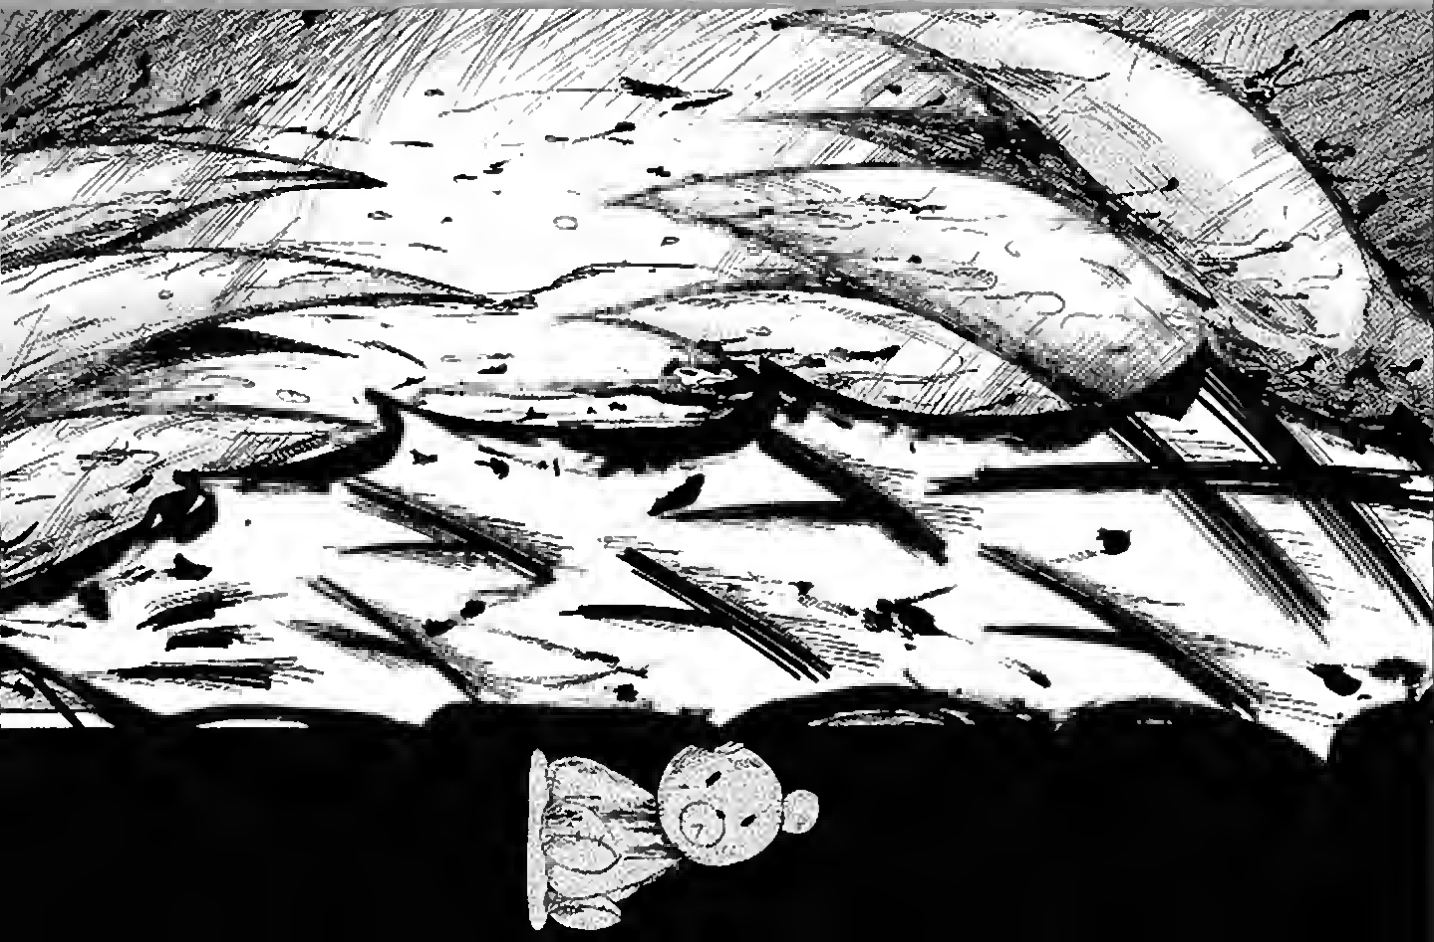
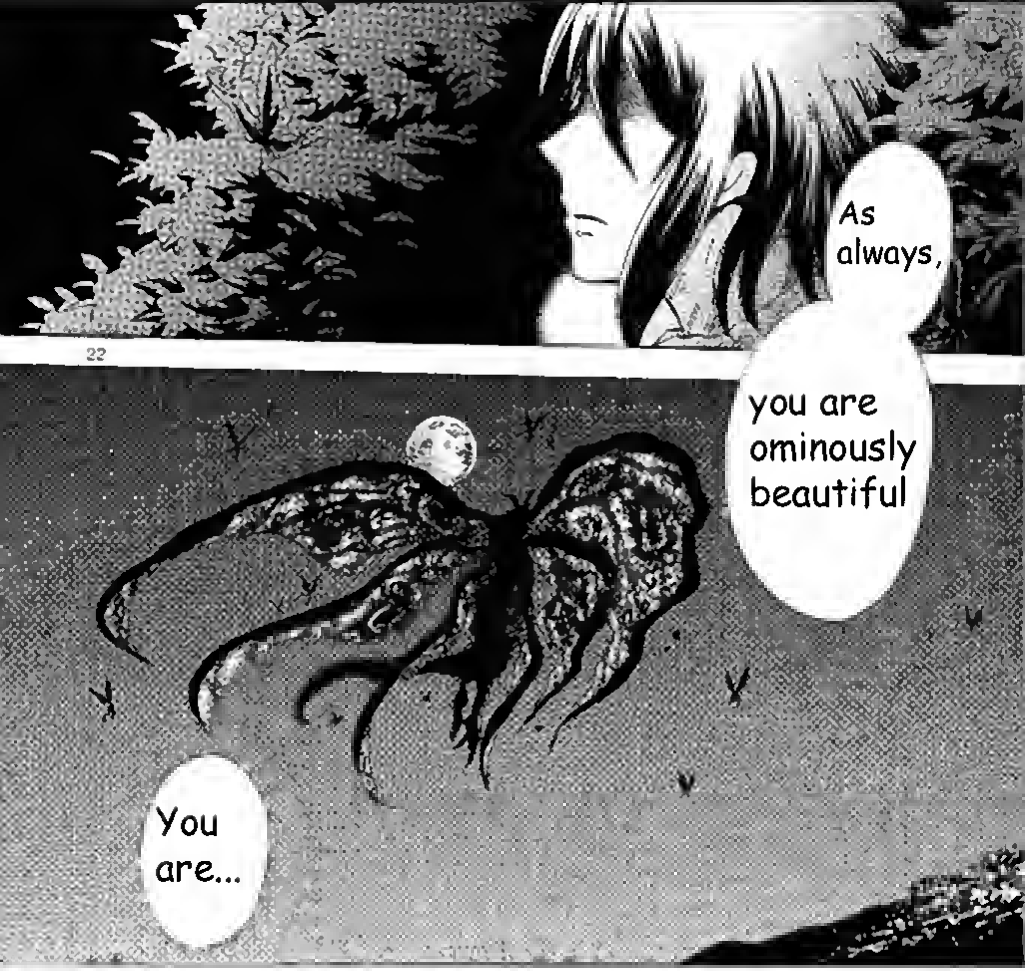
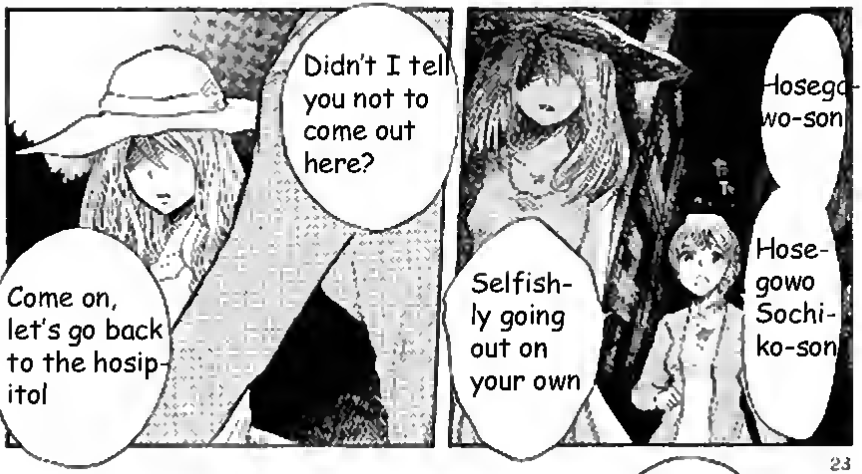
I desperately reached...

for the arm of my sister who completely changed

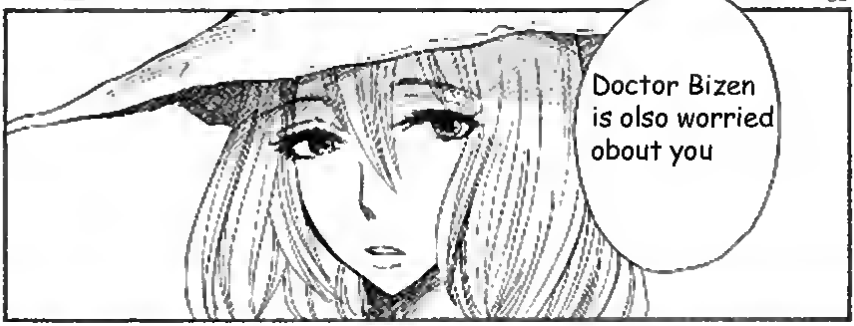




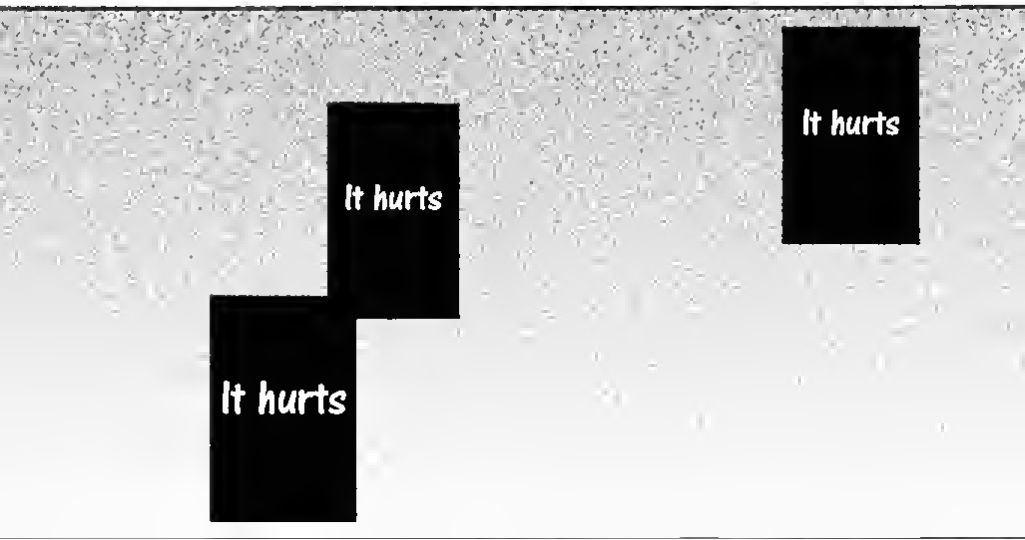
As always,
you are ominously beautiful
You are...



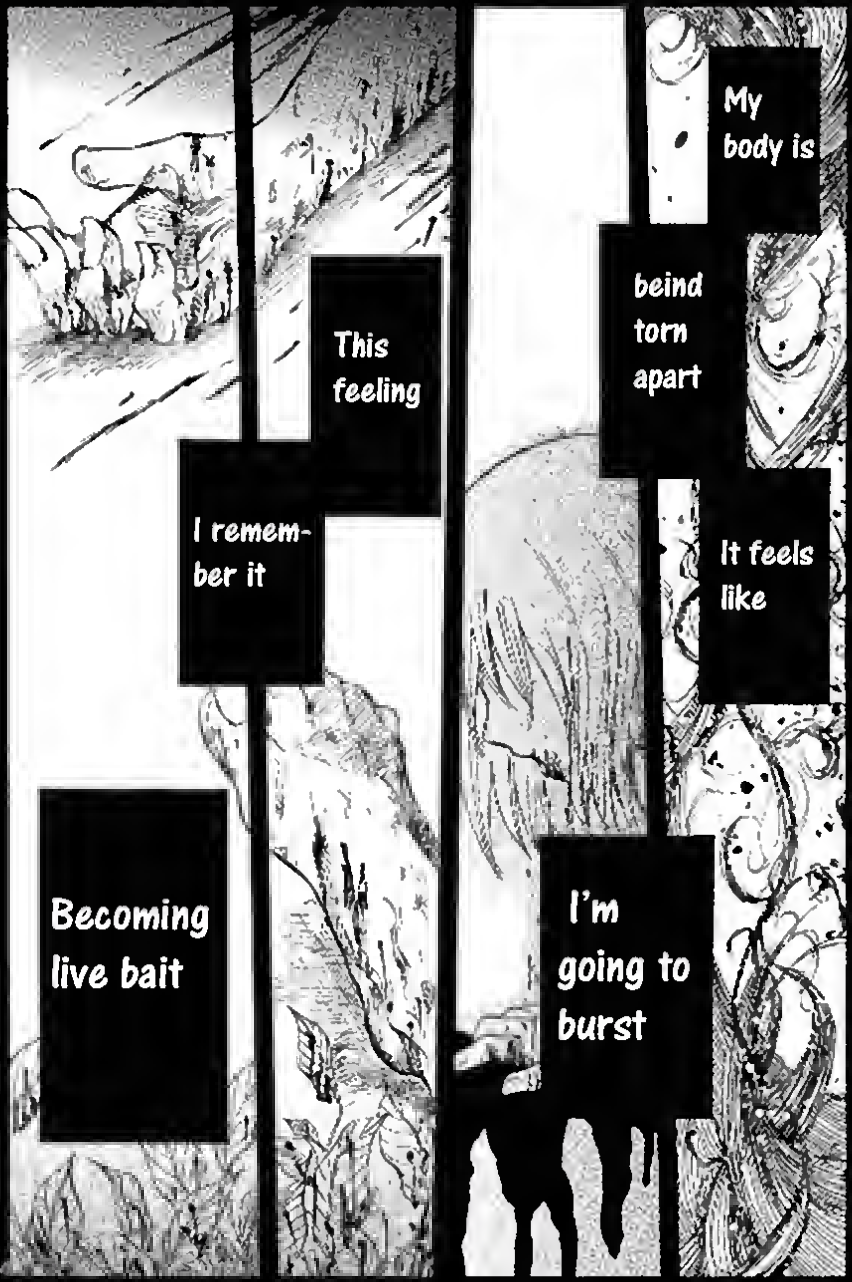
Didn't I tell you not to come out here?
Come on, let's go back to the hosip-itol
Hosego-wo-son
Hose-gowo Sochi-ko-son
Selfish-ly going out on your own



Doctor Bizen is olso worried obout you

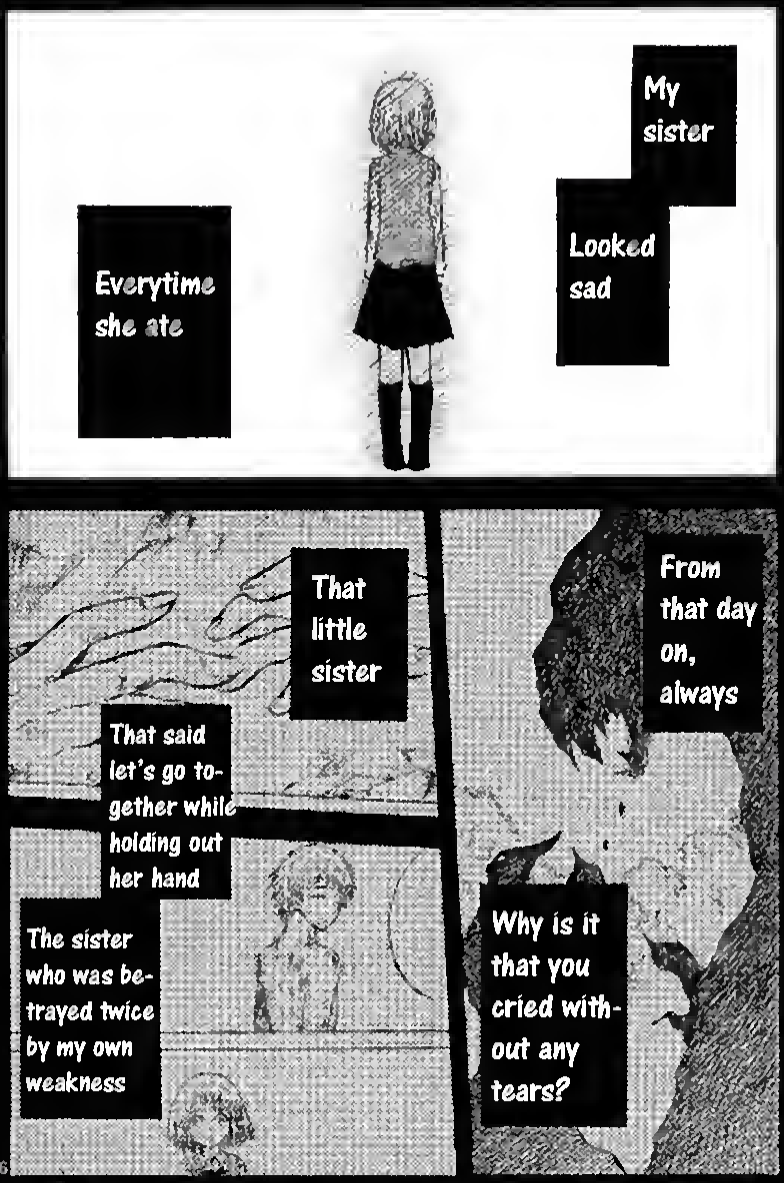


It hurts
It hurts
It hurts



Becoming live bait
I remember it
This feeling
I'm going to burst
It feels like
beind torn apart
My body is

Responding to pain that was like pleasure and opening my eyes
My little sister's teeth
Biting into my body
The sounds of chewing
Watching her eat with such singlemindedness
Pieces of meat sliding into her belly
But, why is it that...



Everytime she ate
My sister
Looked sad
That little sister
That said let's go together while holding out her hand
The sister who was betrayed twice by my own weakness
From that day on, always
Why is it that you cried without any tears?

Why?!
Even though I was supposed to become live food to save my sister
If you could forgive me
This time, I will keep that hand
That's why Yume
The same sister you chased down and then abandoned!!

Please don't cry alone....!

Hiding in such a place...isn't it better just to come out?
Hotoki

Their masks are starting to crack
They were searching for the medicine
The kidnappers request was..
The Imari Ishin facility
The current leader of that medical research organization...
Is Bizen, isn't it?

Their position can be determined from there
It seems thot they've escoped
